

MARTIN COUNTY

Florida

Sailfish Capital of the World

Martin County is known as the Sailfish Capital of the World due to the abundance of Sailfish in the waters just off the coast. The fastest fish in the ocean, sailfish can reach speeds of 68 miles per hour. These powerful, streamlined beasts can grow to more than 10 feet and weigh up to 220 pounds. Their large size and spirited fight make them a favorite among sport fishermen.
